

SCHOOL OF NURSING SCIENCES

ITEM: AC 38-A-22: To consider and approve to integrate component of 'Middle Level Health Provider' in subject of Community Health Nursing-II in 4th year B.Sc. syllabus.

As directed by Indian Nursing Council vide its letter No. 1-2/NEC/2019-INC dated 12/02/2019 and letter No. 22-206/CPCH/2019-INC dated 29/05/2019, the Component of 'Middle Level Health Provider' has been incorporated in the subject of Community Health Nursing-II in 4th year B.Sc. syllabus.

The revised syllabus of the Community Health Nursing-II is placed before the Council as **Annexure -XIV** for approval.

"Resolved that the revised syllabus of Community Health Nursing -II after incorporating component of "Middle Level health Provider" from the 2016 admitted batch is approved."

✓ SCHOOL OF PUBLIC HEALTH

ITEM: AC 38-A-23: To consider and approve the adoption of the model course Curriculum of Master of Public Health prepared by Ministry of Health and Family welfare and approved by the UGC.

The UGC has recommended for adoption of this model course curriculum of Master of Public health by all the Universities. The course intends to develop the analytical and assessment skills of candidates for collecting and interpreting information in areas of policy planning, communication, advocacy and evaluation of public health data and financial planning, leadership and management skills for running public health programmes.

*The comparison between approved curriculum and current MPH curriculum of KSPH is placed before the council as **Annexure-XV** for approval.*

The Council authorised the Vice Chancellor to constitute a Committee with members from School of Public Health, School of Management and School of Medical Science to compare and design the curriculum. The Committee should submit the finalised report to Prof. A.K.Sen, Chairman UG for final vetting.

"Resolved that the curriculum of Master of Public Health should be referred to committee for finalisation"
