

School of Electronics Engineering, KIIT(DU)

Report of Workshops/ Conference/Seminar/Webinar

The school periodically organizes different types of workshops, seminar, conference of national and international types so as to impart new skill set to the students, faculty members. In this process persons of national and international repute are invited to give the talk on various emerging technology of electronics and Communication filed.

About Conference

School of Electronics Engineering, KIIT University, Bhubaneswar, Odisha, India is organizing International Conference on Communication, Circuits & Systems (iC³S-2016) during February 06-07, 2016. Objective of the conference is to exchange ideas and knowledge in recent advances in electronic communication, devices, circuits and systems among the researchers and corporate of international and national repute. Conference will be held through paper presentations and invited talks by research experts. Papers will be reviewed by international and national experts in respective fields and will be published in International Journal of Engineering Research and Technology (IJERT, ISSN: 2278-0181).

iC³S-2016 Conference Tracks

Papers are invited under the following tracks

(but not limited to):

- Wireless Communication & Wireless Sensor Network
- Optical Communication & Optoelectronics Devices
- Information Theory, Coding & Cryptography
- Microwaves Devices, Antennas, Propagation, Microwave Remote Sensing, Microwaves for Agriculture and Medical Applications
- Semiconductor Devices, ICs, VLSI & Embedded Systems
- Digital Signal Processing & Image Processing
- Mathematical Modeling & Simulation in Electronics and Communication Engineering
- Biomedical Instrumentation
- Microprocessor Controlled Systems
- Electronics for Social Networking
- Green and Sustainable Communications

About Bhubaneswar
