5. Dr. Ekkundi,
6. Dr. M. Loganathan

List of Students

Duration: 2 days

Schedule/Programme: 14/10/2017 to 16/10/2017

Summary

At the outset, welcoming the dignitaries, Prof. A. K. Rath, Chairman of the KIIT Satellite programme hailed ISRO as the pride of India. Because it is unifying the Digital India by virtue of its exemplary achievements. He elaborated that, what ISRO could achieve within a short span of time, any advanced country can't dream of the same. In fact, we could send satellite to Mars in only one attempt, which is being regarded as the unique feat in Asia-pacific region.

Dr. Rambabu Kodali, Pro VC, KIIT put his talk on the uniqueness of the KIIT. Prof. Sudrashan Nanda, Research Chair, KIIT spoke on the Research Programs being carried out in KII. Dr. Hrushikesh Mohanty, Vice Chancellor, KIIT who presided over the meeting, felicitated the Guest Scientists Shri. N. S. Hegde, Dr. M. Krishnaswamy, Dr. L. S. Shrinivasan and Dr. M. Loganathan who shared their rich experiences. An exhibition on satellite program was also arranged at the venue.
