

Awareness Program On Prān Of Corona Virus

Kalinga Institute of Nursing Sciences (KINS) has organised a “School health Awareness programme” on 7th February, 2020 in Government Secondary School, Niladrivihar. The students of B.Sc Nursing 4th year and M. Sc Nursing 1st year (Community Health Nursing speciality) imparted health education regarding ‘Prevention of Corona Virus’ in the school premises. Role play was performed on sign & symptoms, and also focused on preventive measures of ‘Corona Virus’. A first aid box containing roller bandage, two gauze piece packet, betadine ointment, cotton packet, dettol solution and hand wash solution was provided. ‘School health survey’ was conducted, where the health problems of the school students were identified. Cookies were distributed among them. This programme was organised under the supervision of Mrs .Soumya Sonalika (Asst. professor, KINS), & Mrs. Trupti Rekha Swain (Tutor, KINS), the Head mistress, other teachers and all the students were present in the school. The School Health Programme was successful. Programme was concluded with thanks to all.
