

PRAGATI

20-dec-2015

A group of volunteers from 2nd, 3rd and 4th year proceeded to chirgal tola basti near KISS at 3.30pm. We interacted with the children and enquired about their development in studies. Some children were having their exams in their school in coming days so we have brushed up their knowledge regarding their subjects & in computer education we have taught how to see videos, listen music & some small things to do in computer to ladies and girls

A group of volunteers from 2nd, 3rd and 4th year proceeded to chirgal tola basti near KISS at 3.00pm. We had interacted with the children and enquired about their development in studies but this time we have decided to entertain them so we have played games with those children's. We all enjoyed a lot and at the end we promised to visit the village next week and distributed chocolates to the village children.
