

PRAGATI

13-nov-15

We interacted with the children and enquired about their development in studies. In drawing and painting children had drawn drawings & in computer education we have taught how to open videos and listen music in computer to ladies and girls and played some games with those children.

We interacted with the children and enquired about their development in studies. In computer education we have taught how to write in notepad to ladies and girls .Then we had shown some video clips to children and they had enjoyed it a lot.
