

Kalakrutya (KISS Visit)-1stSeptember 2017

The NSS volunteers of KIIT School of law, as a part of the 'KALAKRUTYA' went to KISS on 1stSeptember 2017. The idea behind 'KALAKRUTYA' is the collective contribution of each individual to bring out hidden talents. The volunteers were divided into multiple groups. The various groups interacted with the students and involved them in singing and dancing. The ambience was light, the most of the visit focusing on interaction. The students shy at first, quickly became enthusiastic were extremely eager and curious to interact more. There was a fruitful interaction between the volunteers and KISS students. The school visit was a great success with the help of the NSS team and also the school students.
