

PROJECT LIPI: "KNOWLEDGE IS POWER"

Date:-Saturday, 1st February, 2020

Place:-BHUBANESWAR

No. of volunteers participated:-20

EVENT:-Prasanti Vihar Project U.P. School visit report.

TIME:-11:00 AM

DURATION: 2 hours

We the volunteers of NSS SCE: Project LIPI visited Prasanti Vihar School on Saturday, February 1st, 2020 at 10:00am. The school is situated at a distance of 2km from KIIT University. We left for the school at 9:30am. We reached there by 10:00am. We talked with the teachers, who led us to the different classes to conduct our session which was of 1 hour. Our main motive this time was to check whether there is improvement or not in the students and enhance the general awareness among them. We decided to take classes from class 1 to 8. Children were very interested in learning process as they welcomed us with smile. Teachers as well as the students cooperate with us and showed interest towards learning new things.

We divided ourselves, and took up different classes. Our main focus was on teaching English language and enhancing their general awareness, so that students can be able to speak and read clearly and could know about the things happening around them. This would also help them to communicate better, which is our goal.

In class 1 and 2:-

-Revision of Numbers

-Revision of Spellings

In class 3:-

-Spellings and meanings

In class 4:-

-Revision of introduction

-Spellings of Months and Fruits

In class 5:-

- Revision of Months
- Introduction on Leap Year
- Tables from 10-20

In class 6:-

- Reading Practice of poems
- Spellings of various words
- Meanings of various words in English

In class 7:-

- Book reading
- Words and their meaning
- Quiz on Sports
- Word Game :Filling the missing letters of word

In class 8:-

- Book reading
- Words and their meaning
- Quiz on Sports
- Word Game :Filling the missing letters of word
- Awareness on Bird Flu

After the session got over, we interacted with the students little more. We asked them if they liked our session, and we were happy with the response which we got. We really enjoyed spending time with them. After that we returned to KIIT. Everyone was really happy, as the visit was a hit. We were able to do what we had planned for the day.

We also plan future visits to that school, so that we can continue with the syllabus and achieve the mark which we have set. We will try to bring the change which we want to see in the students, and we will work hard for this.

Memories:
